

# SCENE Webshare Cloud

## Secure collaboration and 3D data sharing in the cloud

For more information contact Synergy Positioning Systems or visit the Synergy Positioning Systems website at [www.synergypositioning.co.nz](http://www.synergypositioning.co.nz)  
All branches: Phone 0800 867 266 Email: [info@synergypositioning.co.nz](mailto:info@synergypositioning.co.nz)

### 3D VIEWING

SCENE WebShare Cloud 2.0 is now providing easy-to-use 3D viewing of as-built data over the internet.

### SEAMLESS INTEGRATION WITH THE SCENE SOFTWARE

Data for SCENE WebShare Cloud is prepared in SCENE software and uploaded to the cloud with a few clicks.

### HOSTING SERVICE PROVIDED BY FARO

SCENE WebShare Cloud is a cloud-based service offered by FARO. This eliminates the need of owning and maintaining internet servers.

### COLLABORATION IN THE CLOUD

Communicate and share your laser scanning projects easily and securely with your partners and clients in an secure interactive environment.

### PROTECTION OF YOUR DATA

SSL-encrypted communication guarantees secure information sharing. AES256 encryption on our servers provides state-of-the-art protection of your data.

With SCENE WebShare Cloud, FARO offers a cloud-based service to provide users with simple access to 3D documentation.

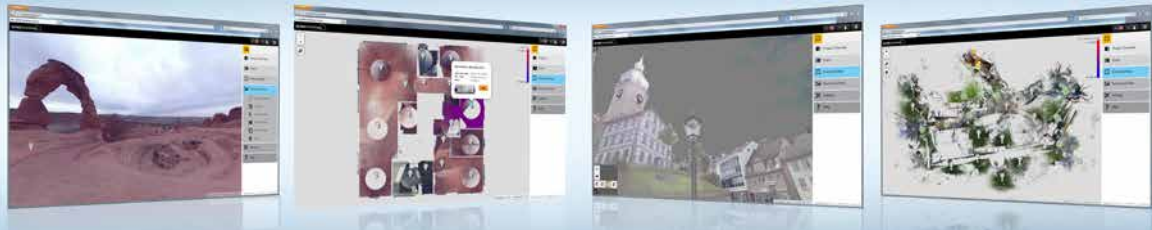

Driven by innovation and answering our customers' demands, we provide a market leading, comprehensive hosting solution for laser scanning data. FARO eliminates the need for installing, running and maintaining of internet servers on the customers' site. Let FARO do the work for you.

Due to the highest data security standards and SSL-encryption of communication, we guarantee secure sharing of project data among various clients and partners worldwide.

The easy-to-use, intuitive interface eliminates the need for technical training or skills working with 3D laser scanning.

## BENEFITS

- ▶ Intuitive project overview
- ▶ Dependable measurements and annotations
- ▶ Minimal set up and no maintenance effort
- ▶ SSL Encryption cloud security
- ▶ Support for tablet computers and smartphones
- ▶ Hosting service offered by FARO

## SPECIFICATIONS

Our package	
Storage	50GB*
Downloads / month	50GB*
Good for (typical)	500 scans
Assigned users	Unlimited
3D Conversion for 3D viewing / month	100 scan positions*

\* Additional requests will be charged according to requirements.
