

Hi there,

Welcome to the first edition of the Synergy At Work email newsletter. This is the first in an ongoing series of communications that we hope will provide customers and friends of Synergy Positioning Systems with up to date information on industry trends, new products and general updates.

This communication continues the drive here at Synergy to ensure that we are providing our customers with industry leading products and service. From the team here at Synergy Positioning Systems, thanks for taking the time to read this email, we hope you find the information constructive and informative and look forward to talking with you soon.

 *Introduction by Synergy's Managing Director, Mike Milne.*

 *Topcon tech helps tie Bypass together with Higgins Group*

At Ngaruawahia a positive mix of operator talent and Topcon's precision 3D Machine Control technology has resulted in the successful completion of a large-scale infrastructure project, as civil contracting firm Higgins Group complete the build of a lengthy section of Waikato Expressway...
